Harbor | October 2026 operations release | reviewed 1 November 2026
This release covers all berths at North and South for the full calendar month.
Use the current_events view: corrections replace earlier revisions; withdrawals are excluded.
Code I counts as idle time; code M is maintenance and is excluded. Units are minutes.
A ticket is one posted total at a single berth. ticket and Work reference identify the same posting.
Allocation must contain exactly one assignment per counted ticket. Equipment names alone are not keys
If any counted ticket has no assignment, the berth ranking is incomplete. Do not rank.
Berths in scope: N1, N2, S1 and S2. This note contains no ranking.
